We're focused on building winners in Houston in 2023. And it starts with our students.

Fheryl Prestage

Hello BHC sponsors and supporters:

We're delighted to bring you the **HCC Black History Scholarship Gala Sponsorship Packet for 2023** to ask for your new - or continued - support.

Your sponsorships are important. Last year, the online HCC Black History Scholarship Gala raised more than \$60,000 for scholarships. **This year our fundraising goal is at least \$75,000.**

This year, we're partnering with KRIV Fox 26. We are extremely grateful to **D'Artagnan Bebel**, Senior Vice President/General Manager of Fox 26, for his generosity and support.

Our 2023 gala theme is Building a Community of Winners.

We believe our city has an abundance of winning leaders, institutions and students. And, for a fact, there are successful African Americans in every corner of the city - in large corporations, in entrepreneurial businesses, in medicine, in government, in education, in the arts -- and all places in between.

We salute their ability to dream big, work hard and carry this great city forward.

The task now is to help our HCC students become future winners as well.

With your financial sponsorship of the HCC Black History Scholarship they most assuredly will.

We thank you.

Donnell Cooper and *Fheryl Prestage*

SYLVESTER TURNER

Mayor of Houston

Elected in December 2015 and overwhelmingly re-elected in December 2019, **Houston Mayor Sylvester Turner** is serving his second four-year term. He is Houston's 62nd mayor. In his final year as Houston's top leader, Mayor Turner's theme is "execution and implementation," as he focuses on finishing major projects and initiatives.

Mayor Turner has passed seven balanced budgets within the city's fiscal constraints. He also oversaw Houston's remarkable rebound from Hurricane Harvey, championed historic pension reform, cheered on the 2017 and 2022 World Series Houston Astros, and hosted a successful Super Bowl LI. He also launched Houston's first Climate Action Plan to reduce greenhouse gas emissions, meet the Paris Agreement goal of carbon neutrality by 2050, and lead the global energy transition.

In February 2022, Mayor Turner released his One Safe Houston initiative to combat the increase in violence resulting from the pandemic. Mayor Turner's signature priorities include Complete Communities, an initiative designed to revitalize and improve Houston's most under-served neighborhoods by partnering with local stakeholders to leverage resources to create a more equitable and prosperous city for all Houstonians.

PAULA HARRIS

Executive Director, Houston Astros Foundation and Senior Vice President, Community Affairs

Paula Harris is an Astros executive with strong community ties. She currently serves on the boards of Chart Industries (GTLS), The Vantage Group, Children's Museum Houston, the Petroleum Club of Houston, the Independent Petroleum Association of America's Energy Education Center and the Energized for STEM Charter School. She is a founding member of the Young Women's College Preparatory Academy, an all-girl's engineering school serving primarily minority communities in Houston. Its goal is to send graduates to top engineering universities.

During her 33-plus years with Schlumberger Ltd., Harris began on offshore rigs as a Field Engineer and rose to leadership positions: Director of Community Affairs from 2010-2015, and, most recently as Director of Global Stewardship. A native Houstonian, Harris graduated with a B.S. in Petroleum Engineering from Texas A&M University and a Master of Education degree in Technical Instruction and Learning from Abilene Christian University.
