# Good news from BHC's Co-Chairs:

# Your donations are making a tremendous difference

#### **Greetings, BHC sponsors and supporters:**

Fheryl and I are delighted to let you how much your contributions from just a year ago have made a huge difference in the lives of our great HCC students.

In 2021, the online HCC Black History Scholarship Gala **raised more than \$50,000 for scholarships,** making it the most-profitable gala we've ever had. Thank you to all those who made the event a wonderful success!

This year, we're going online with gala - this time with another of our excellent community partners - KTRK-TV / abc13.com. Our emcee is news anchor Melanie Lawson, who has worked alongside meteorologist and newsman Khambrel Marshall of KPRC-TV 2 as our scholarship gala emcees for more than a decade. (Khambrel, we thank you again for serving as our 2021 gala emcee.) We also are delighted to present HISD Superintendent Millard House II as our keynote speaker for 2022.

Our 2022 gala theme focuses on the fact that Black history IS everyone's history. Black history is woven into every aspect of our nation's existence. This reality should never be disputed or overlooked, but fully cherished and celebrated. That's what we intend to do.

As BHC co-chairs, our overall mission has not changed. We ask you - our supporters - to donate, contribute, and financially support the gala on February 24, 2022. Our students are counting on you.

Sincerely.

Durelf Coper and Fheryl Prestage

# **MILLARD HOUSE II**

# is our 2022 keynote speaker

n June 2021, **Millard House II** was elected unanimously by the Board of Education as superintendent of the Houston Independent School District.

House most recently served as superintendent of the Clarksville-Montgomery County School System in Tennessee and in 2021 was named TN Mid-Cumberland Superintendent of the Year. Under his leadership, CMCSS produced steady academic gains across subject areas; expanded educational options for families; implemented an innovative Teacher Residency Program to prepare new teachers; ensured every student in kindergarten through 12th grade has technology to learn; and implemented a Foundational Literacy Skills Plan to support young children who are learning to read.

A Tulsa, Oklahoma native who started his career as a physical education teacher, House has more than 25 years of experience in education and the nonprofit sector. He previously served as chief operating officer of Charlotte-Mecklenburg Schools in North Carolina and as deputy superintendent of Tulsa Public Schools in Oklahoma.

Prior to joining the executive cabinet in Tulsa, House founded and led a college preparatory middle school in one of the city's most economically underserved neighborhoods. Over a four-year period, House's school became one of the highest-performing and most sought-after schools in the community.

Before founding his school, House was one of the nation's youngest public-school administrators, as he served as assistant principal for one year and principal for four years at Tulsa's Marian Anderson Elementary School at age 26. During House's tenure, Anderson Elementary went from being designated one of the lowest performing schools in the state of Oklahoma to being one of the highest performing Title I schools in the state of Oklahoma.

In 2003, House was voted Tulsa Public Schools' Principal of the Year. He was the first African-American educator to earn this honor. He also was named the Outstanding Administrator of the Year by the Tulsa Area Alliance of Black School Educators.

House earned his Bachelor of Science from the University of Montevallo, Alabama and his Master of Administration in School Administration from Northeastern State University, Oklahoma. He also graduated from the Fisher School Leadership Program at the Hass School of Business, University of California at Berkeley.

## THE BLACK HISTORY LEGACY

## of

# DR. WILLIAM W. HARMON

o understand why the HCC Black History Scholarship Gala has remained a beloved February tradition in Houston since 2006 one need only look to one man: the late Dr. William W. Harmon, the former president of HCC Central and longtime chairman of the HCC Black History Committee (BHC).

Dr. Harmon was the driving force behind the HCC scholarship gala from its reinvented inception, and it was his insistence to bring only top-name speakers and artists to HCC as a showcase of African-American excellence benefitting HCC students. When deciding whom to feature every year as a keynote speaker, Dr. Harmon's yardstick was relatively simple: The speaker had to be someone he would "be willing to cross the street to hear." Only the best and most interesting speakers made this perambulatory cut.

The presence of the selected luminary at one of the most vibrant fundraising events in Houston during Black History Month brought immesurable prestige, press and positivity to HCC as an institution. Film director and keynote speaker Spike Lee reportedly was astounded by the elegance displayed by a community college at his 2010 gala. And when famed rapper Calvin "Snoop Dog" Broadus Jr. made a surprise appearance at the 2008 scholarship gala after meeting keynote speaker and scholar Dr. Cornel West on an airline flight, the serendipidous moment sent the ballgown-and-tuxedo-clad audience into a frenzy and immediately became part of BHC scholarship gala lore.

There were, to be sure, challenging years for the BHC. But Dr. Harmon had a knack for always leading the team to a victorious finish line. In 2018, when the BHC was struggling to find a suitable speasker, Dr. Harmon made a few phone calls. He was little more than a year into his retirement as a college president at the time, but he still cared deeply about the scholarship gala, its purpose, and even attended most BHC meetings.

Dr. Harmon's phone calls netted The Rev. Jesse Jackson as the keynote speaker, and thus continued the scholarship gala's legacy as a Houston scholarship event not to be missed.

The BHC is forever indebted to Dr. Harmon for his vision and leadership. The group would not be where it is now without him, and we will always keep him in our minds and hearts. Well done, Dr. Harmon.
