

Houston Community College Foundation Naming Rights Principles, Guidelines, and Procedures for HCC Facilities and Programs as of April 1, 2021

I. Introduction

Houston Community College System (HCCS) and the HCC Foundation seek private funds to enhance HCCS' ability to meet the higher education needs of the community particularly toward a level of excellence that would otherwise not be possible given state funding levels and restraints on student tuition and fees. To that end, HCCS seeks to provide appropriate recognition of donors for their generosity. Although such recognition may take many forms, this procedure seeks to establish the guidelines and processes for the naming of facilities and programs as donor recognition.

The opportunity to place the name of an individual, family or corporation on a building, room, center, institute, professorship, program, or scholarship at a college or university is a time-honored tradition among the more than 3,000 institutions of higher education in the United States.

Generally, the naming of facilities and academic programs recognizes an individual's high scholarly distinction, devotion, distinguished services, or generous gift. The Houston Community College System (HCCS) has an approved Naming Policy CLA-(LOCAL) that provides the parameters for the permanent naming of facilities, instructional or student services units. These procedures are designed to accommodate unpredictable situations and donor expectations while keeping the HCCS mission and policies at the fore of making decisions.

The HCC Foundation recognizes that notwithstanding the Naming Policy CLA-(LOCAL), the HCCS Board of Trustees retains its discretion to make exceptions or alter criteria or conditions as appropriate to the circumstances.

II. Guiding General Principles

- a. The naming of any physical facility, campus grounds or academic program is usually only appropriate when a significant gift is received.
- b. The honorific naming should be determined by carefully weighing one's high scholarship, devotion, or distinguished services and should be able to stand the test of time.
- c. All naming requests should support that the honoree or donor meets the highest values and societal standards.
- d. The perceived reputation of either individuals' or organizations' naming requests

should align with HCC Vision and Mission and enhance HCC's reputation or provide added cache.

- e. In the unlikely event, unfavorable information becomes known regarding the donor's reputation, HCC reserves the right to remove the naming right and recognition.
- f. Buildings, campus grounds, or other campus facilities will generally not be named for individuals currently employed by HCCS or the state of Texas unless a donor(s) provides a sufficient gift in honor of that individual.
- g. The naming of building or grounds in recognition of a donor or honoree implies a promise to the donor or honoree that the space, site, facility and other forms of tangible recognition will be maintained over the life of the building or the time designated in the Naming Opportunity Agreement with the donor. Please see Table 1 and Table 2 in the Appendix 1.
- h. HCCS shall be responsible for maintaining a record of named rooms, buildings, grounds and other forms of tangible spaces.
- i. Recognition and Naming rights will be limited to an organization or individual or company name in a graphical form or identity as determined by HCC. Naming commitments (in fact all major gifts whether recognized by naming rights or not) are reflections on the ideals and reputation of HCCS. Accordingly, each gift and naming commitment should be reviewed carefully for full compliance with applicable laws and ethical principles. This is especially true where there is some direct or indirect business or other continuing relationship between the donor and HCCS, its officers or employees. Any questions about the applicability of state or federal laws on conflicts of interest and other ethical considerations should be referred to appropriate legal counsel.
- j. In the unlikely event that a donor cannot fulfill his/her pledge to name a facility or program, HCCS reserves the right to remove the naming right and recognition
- k. Gifts must be complete and irrevocable to qualify as a charitable contribution, meaning the donor cannot retain any control over its use. Donors should consult their own tax advisor as to whether a gift is deductible.
- l. The gift for naming recognition shall be specifically given for the purpose of the naming recognition and may be given in the current and future years if a gift pledge is made.

III. Purpose

The purpose of this procedure is to achieve clarity among all interested parties in the procedure for recommending and approving Naming Rights Gifts. Please note that "Minimum Monetary Value" as defined herein is not intended to set the monetary goal of any Naming Rights Gift negotiation, but rather the lowest amount that can be accepted and said to be consistent with Policies and Procedures. In all cases, College and Foundation personnel are encouraged to seek higher dollar amounts in their negotiations.

IV. Naming Rights Opportunities – Calculation of Monetary Value of Gift

- a. “Colleges”, “Campuses”, and “Complexes”, (physical spaces) shall not, absent special exception, be subject to Naming Rights Gifts, as those collections of Facilities are better reserved for geographic descriptions. Facilities, Instructional Units, Centers of Excellence Programs and Initiatives, and Student Services Units will be subject to naming rights procedure.
 - b. The **Minimum Monetary Value (“MMV”)** for a Naming Rights Gift on a Facility shall be calculated as ten percent of the gross HCC cost basis (or current value or replacement cost) reasonably allocated to such Facility by HCC Facilities Management in collaboration with HCC Purchasing and HCC Finance and approved by the Senior Vice Chancellor of Finance & Administration, as applied to the Term of the Naming Rights Agreement. Please see Facilities Naming List prepared by HCC Facilities.
 - c. The **Minimum Monetary Value (“MMV”)** for the naming rights of an HCC Program (Academics or Student Success) shall be calculated as a fixed percentage of the most recent Aggregate Expense Total (“AET”) of the Program, or, if the scale of operations is anticipated to change materially in the near future, a Prospective Expense Budget (“PEB”) as applied to the Term of the Naming Rights by the Program (Academics or Student Success) Dean in collaboration with HCC Finance and approved by the Senior Vice Chancellor Administrative Services and the Vice Chancellor of Instruction Services or Student Services. Of course, a higher Naming Rights Gift than the MMV can be negotiated and is strongly encouraged. This MMV is merely the minimum Naming Rights Gift acceptable by this Procedure.
- V. The Restricted Purpose** of funding from a Naming Rights Gift can be utilized for any of the following purposes, as negotiated, honoring Donor intent:
- a. Operations and maintenance of facilities
 - b. Build-out of facilities
 - c. Furnishing of facilities
 - d. Equipment for facilities
 - e. Expansion of existing facilities
 - f. Construction of additional facilities
 - g. Support for HCC Programs (Academic or Student Success) operating expenses
 - h. Restricted for general Centers of Excellence (COE) or Program purposes
 - i. Restricted for scholarships
 - j. Endowment of HCC Programs (Academic or Student Success) leadership positions
 - k. Endowment for restricted purposes such as scholarships, department or faculty chair, operations and maintenance of facilities, COE or program expenses
 - l. And/or any other purposes as approved by the HCC Foundation Board.

- m. Unrestricted and subject to Foundation Board discretion so long as purpose aligns with HCC Vision, Mission, and Strategic Plan.

VI. Solicitation Coordination Procedure is outlined to support HCC colleagues when presented with a naming opportunity:

- a. All proposed names for buildings and other facilities should be held in confidence during the review and approval process. There should be minimum of communication about the proposed naming before appropriate approval has been granted.
- b. If the Donor is an existing or anticipated HCC Vendor, HCC Procurement and HCC Legal needs to be consulted at this point.
- c. The Donor, either in response to a formal solicitation or of his or her own volition, indicates to HCC employee or HCC Foundation development officer interest in making a gift of significance to benefit HCCS with NAMING recognition.
- d. Once a donor has expressed an interest in a naming opportunity, this information should be brought to the attention of the appropriate Chancellor's Council member AND the HCC Foundation President for determination to pursue and activity coordination.
- e. HCC Foundation performs prospective donor due diligence in collaboration with HCC Colleagues to include financial capacity, interest, and reputation. In addition, the prospective donor needs to be vetted by HCC purchasing to assure that there are no conflict concerns.
- f. The Dean, College President or Vice Chancellor and the HCC Foundation President develops solicitation strategy which will be customized to each prospective donor.
- g. The HCC Foundation development director in collaboration with the HCC College or Center for Excellence President or Dean or Vice Chancellor determines the exact nature of the gift intention and discuss the application of the Named Gift Program policies with the donor to identify naming opportunities of interest.
- h. A solicitation team is formed. Appropriate representatives from HCC will be asked to participate in the preparing various work products customized to the requirements for each naming opportunity.
- i. If the donor expresses a serious intention to move forward AND if the donor's candidacy appears feasibly, then the opportunity moves into the Approval Phase. (VII).

VII. Approval Procedure for all permanently named facilities and programs should be reviewed and approved by the Chancellor of the Houston Community College System (HCCS) and HCCS Board of Trustees upon recommendation of the HCC Foundation Board of Directors, where appropriate and ultimately subject to the approval requirements as outlined.

- a. All proposed names for buildings and other facilities should be held in confidence during the review and approval process. There should be minimum of communication about the proposed naming before appropriate approval has been

- granted. (It bears repeating).
- b. The HCC Foundation President and the appropriate College President or Vice Chancellor will propose the Naming Rights Gift idea to the Foundation Board and the Chancellor's Executive Cabinet for review and discussion.
 - c. The HCC Chancellor grants permission to pursue (or not) the Naming Opportunity and at the Chancellor's discretion briefs the HCC Board of Trustees Executive Committee.
 - d. The Naming Opportunity solicitation team prepares and negotiates the Naming Opportunity Agreement (see Item XII) with all appropriate parties.
 - e. After approval from the Chancellor for the Naming Opportunity Agreement and the Donor (or Donor's organization), the HCC Foundation President along with the appropriate College President or Vice Chancellor presents the Naming Opportunity Agreement to the HCC Foundation Board of Directors for ratification.
 - f. After ratification by the HCC Foundation Board, the Chancellor will present the Naming Opportunity Agreement to HCC Board of Trustees for ratification.
 - g. Please note: If the Donor is an Organization/Corporation rather than an individual; then the donor organization/corporation may have an approval process which will need to be managed in parallel with the HCC's approval process.

VIII. Donor Recognition

- a. Recognition steps are then set in motion, including but not limited to appropriate media announcements, signage design, installation, campus ceremonies, etc. (consistent with the wishes of the donor).
- b. The name is then registered in HCC's official register of named places maintained by the Senior Vice Chancellor of Administration and Finance or designee.
- c. The named gift is marketed as such in all publications and future announcements concerning this new designated area.

IX. Payment of the Naming Rights Gift shall be determined and codified in the naming rights agreement between the donor, HCC Foundation, and HCC. It is expected that the gift will be in a form that is easily monetized. If the Senior Vice Chancellor of Finance and Administration and the President of the Foundation shall be reasonably satisfied of the creditworthiness of the donor if the gift is to be paid with specified future payments (installments). The gift for naming recognition shall be specifically given for the purpose of the naming recognition and may be given in the current and future years if a gift pledge is made.

X. Funds Management shall be the responsibility of the HCC Foundation. The cost of professional investment management services is treated as a net against investment returns that are available for the Restricted Purpose as determined by the HCC Foundation Endowment Spending Policy. In addition, the HCC Foundation may recover administrative costs of up to 1% per annum on all permanently or quasi-endowed funds. Such a charge will be calculated and paid annually out of investment earnings and made available to the HCC Foundation on an unrestricted basis.

XI. Due Diligence

The HCC Foundation in collaboration with appropriate HCC Administrative member is responsible for conducting reasonable due diligence on the background of individuals and organizations, highlighting for approvers any criminal, moral or ethical issues in the public domain worthy of consideration in the naming process.

Prior to any submission for approval to the Board of Trustees, all Naming Rights Agreements shall be reviewed by the HCC General Counsel or designee. The HCC General Counsel shall initiate such investigative efforts as deemed reasonably necessary to answer any background questions.

In all cases, special care shall be exercised when a naming opportunity involves facilities currently financed with tax-exempt bonds. The SVC Finance & Administration shall be consulted as early as possible in this process to ensure that tax-exempt bond status is not jeopardized.

XII. Gift Agreements

Each named gift should be accompanied by a Naming Rights Agreement that has been approved and signed by a) the donor (or designated donor representative), b) an appropriate HCC System officer, and c) an appropriate HCC Foundation officer. Each Naming Rights Agreement shall specify the amount to be contributed, over what period of time such funding would be paid, the designated purpose of the gift and usage restrictions, if any, as to distributions from the fund. Each Naming Rights Agreement shall also specify the styling of the Name placed on the Facility, Instructional Unit or Student Services Unit at issue, and any signage, marketing or public relations requirements pertaining thereto.

XIII. Press Releases, Signage and/or Donor Recognition

Upon final approval as set forth above, a formal announcement of the gift shall be made by agreement of the System (as approved by its AVC Communications & Marketing), the Foundation (as approved by its President) and the donor.

Required costs associated with the re-naming of Facilities or Programs and incurred by the College (including, but not limited to signage, reprinting of materials, letterheads and collateral documents) shall be deducted from the funds donated in association with a Naming Rights Gift.

Appendix 1: Naming Gifts Minimum Monetary Value Charts

Houston Community College Foundation

A Suggestive Name Sponsoring Report

The values presented in this report are suggested levels of donation or contribution for the spaces indicated. The Houston Community College Foundation may wish to include or omit any space. Please find below a more detailed explanation of how the listed values were generated.

NOTE:

Some listed spaces were not verified or inaccessible prior to report release.

LEGEND- Room Square Footage

- Valued scale from CAD file
- Calculated from dimensions in drawing file of record
- Physically measured on location
- As reported by campus personnel
- Averaged from known spaces of the same room type in the same building

Due to the dynamic nature of academic space, verifications will be performed to assure the accuracy of the values presented. All valuations are based on a combination of market value, cost of maintenance, or replacement in the current academic climate and the fixed percentage of the gross square foot to the desired area.

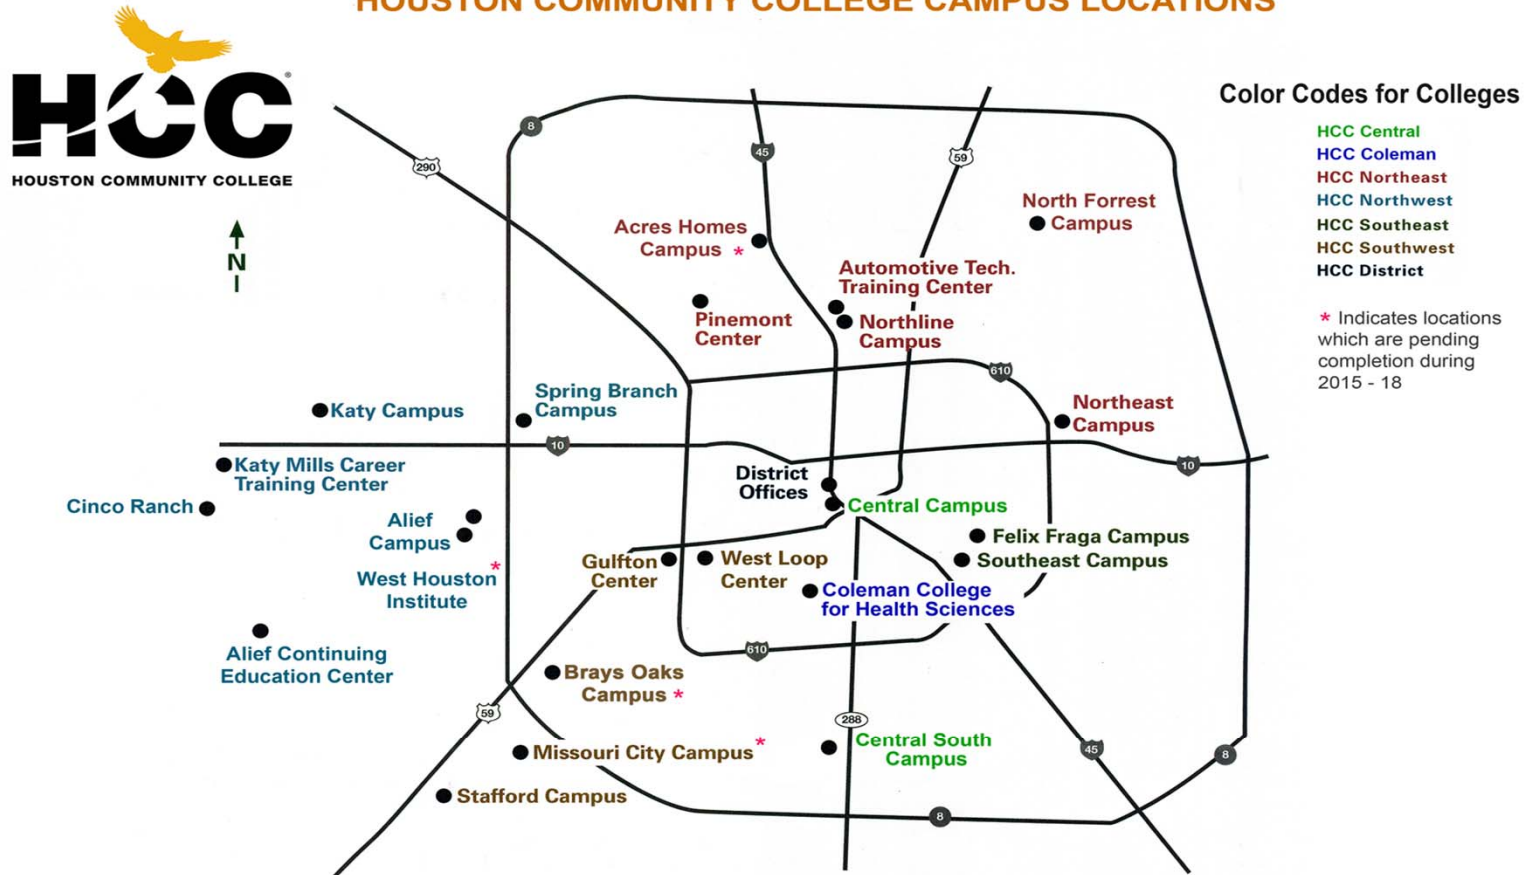

Prepared for HCC Foundation by:

Marshall Heins, Chief Facilities Officer Finance and Administration
Reynaldo Pradia, Exec Director Programming and Construction Mgmt.
